Team sculpture will be a 3 person min.; no maximum (within reason) children may participate. Teams should arrive 15 min. prior to the event, dressed appropriately to get a little muddy. You may bring a banner or logo of you team/business to hang off the side of you table. Each team will decide what image they will be creating. (This is a family event so we ask that sculptures be done in good taste.) 15 lbs. of clay, water and some tools will be provided; you may bring your own, but no molds, pre-formed pieces or additions of material other than clay will be allowed. All teams will have 45 minutes to finish their sculpture.

Thank you for your participation. If you have any questions or concerns please contact:
